

SPG-NA travel grant for SEG-2010

SPG-North America chapter (SPG-NA) will award limited funding to students from Indian universities to attend SEG-2010 at Denver. The amount of funding will be decided on an individual basis.

The funds will ONLY be awarded to students presenting an oral or a poster paper in which he or she is the first author.

Since we only have limited resources, we may not be able to provide full funding to attend the meeting. We would, therefore, encourage the students to seek partial funding from other resources such as their home institutions and professional societies like SEG and SPG-India.

Please send your request to SPG-NA by e-mail to spgnam@gmail.com along with your SEG abstract and a copy of your CV.
